**Subject:** EPA Shore Terminals SCE final comments  
**Attachments:** EPA Shore Terminal SCE FINAL Comments 062415.pdf

Hi all-

Attached, please find EPA's final comments on Shore Terminal's SCE report dated March 16, 2015. It remains unchanged from the revised draft comments EPA sent on 6/28/15. Please call or email if you have questions. Thanks.

**Subject:** FW: DEQ Comments for EPA Shore Terminals SCE (revised draft)

Hi Jim-

I wanted to close the loop on this. We plan on finalizing these comments unless you have something further to add. Thanks.

Eva

**Subject:** DEQ Comments for EPA Shore Terminals SCE (revised draft)

Hello Jim,

Attached are EPA's revised comments that address DEQ's comments to EPA's review of the draft Shore Terminals SCE. The revisions address all of DEQ's comments, with the following three exceptions:

- General Comment 1 – Retained our original comment and expanded to clarify that site indicator on Figure 1 is inaccurate because it does not include the Loading Rack Area and OPLC Switching Station Areas.

- General Comment 3 – Disagree with DEQ's comment that the DEQ Industrial Site Curves are not evaluated in the text. Section 5.9 of the report includes discussion of these curves in their stormwater weight of evidence evaluation. No changes were made to this comment.
- Specific Comment 3 – Disagree with DEQ's comment to remove our recommendation for monitoring of the 2006 – 2007 sheen area for evidence of a sheen during future stormwater and groundwater monitoring event. Modified our comment to specific that the recommended monitoring would be visual monitoring.

Would discussion be useful before we transmit these as final?

Thank you.

S
